MR. EARLBURT C. PIKE

WE DEDICATE

this Annual to a true interpreter of music; one who has brought music to us in an understandable fashion, and who has made it exciting and inviting.

He has directed our band at football games, pep rallies, assemblies, and has led our orchestra at plays and operettas; he has made them the best school band and orchestra in the City of Denver.

He is known by everyone in the school for the kind of person he is, friendly and efficient, never letting others down and never taking a day off.

Like us he has been a student at West, and now he is a teacher developing musicians and music lovers, creating a new interest in lives that before had no means of expression.

We know that he will keep on doing the work that he has been doing, and in the manner that has become his characteristic trade mark, because he is happy that way.

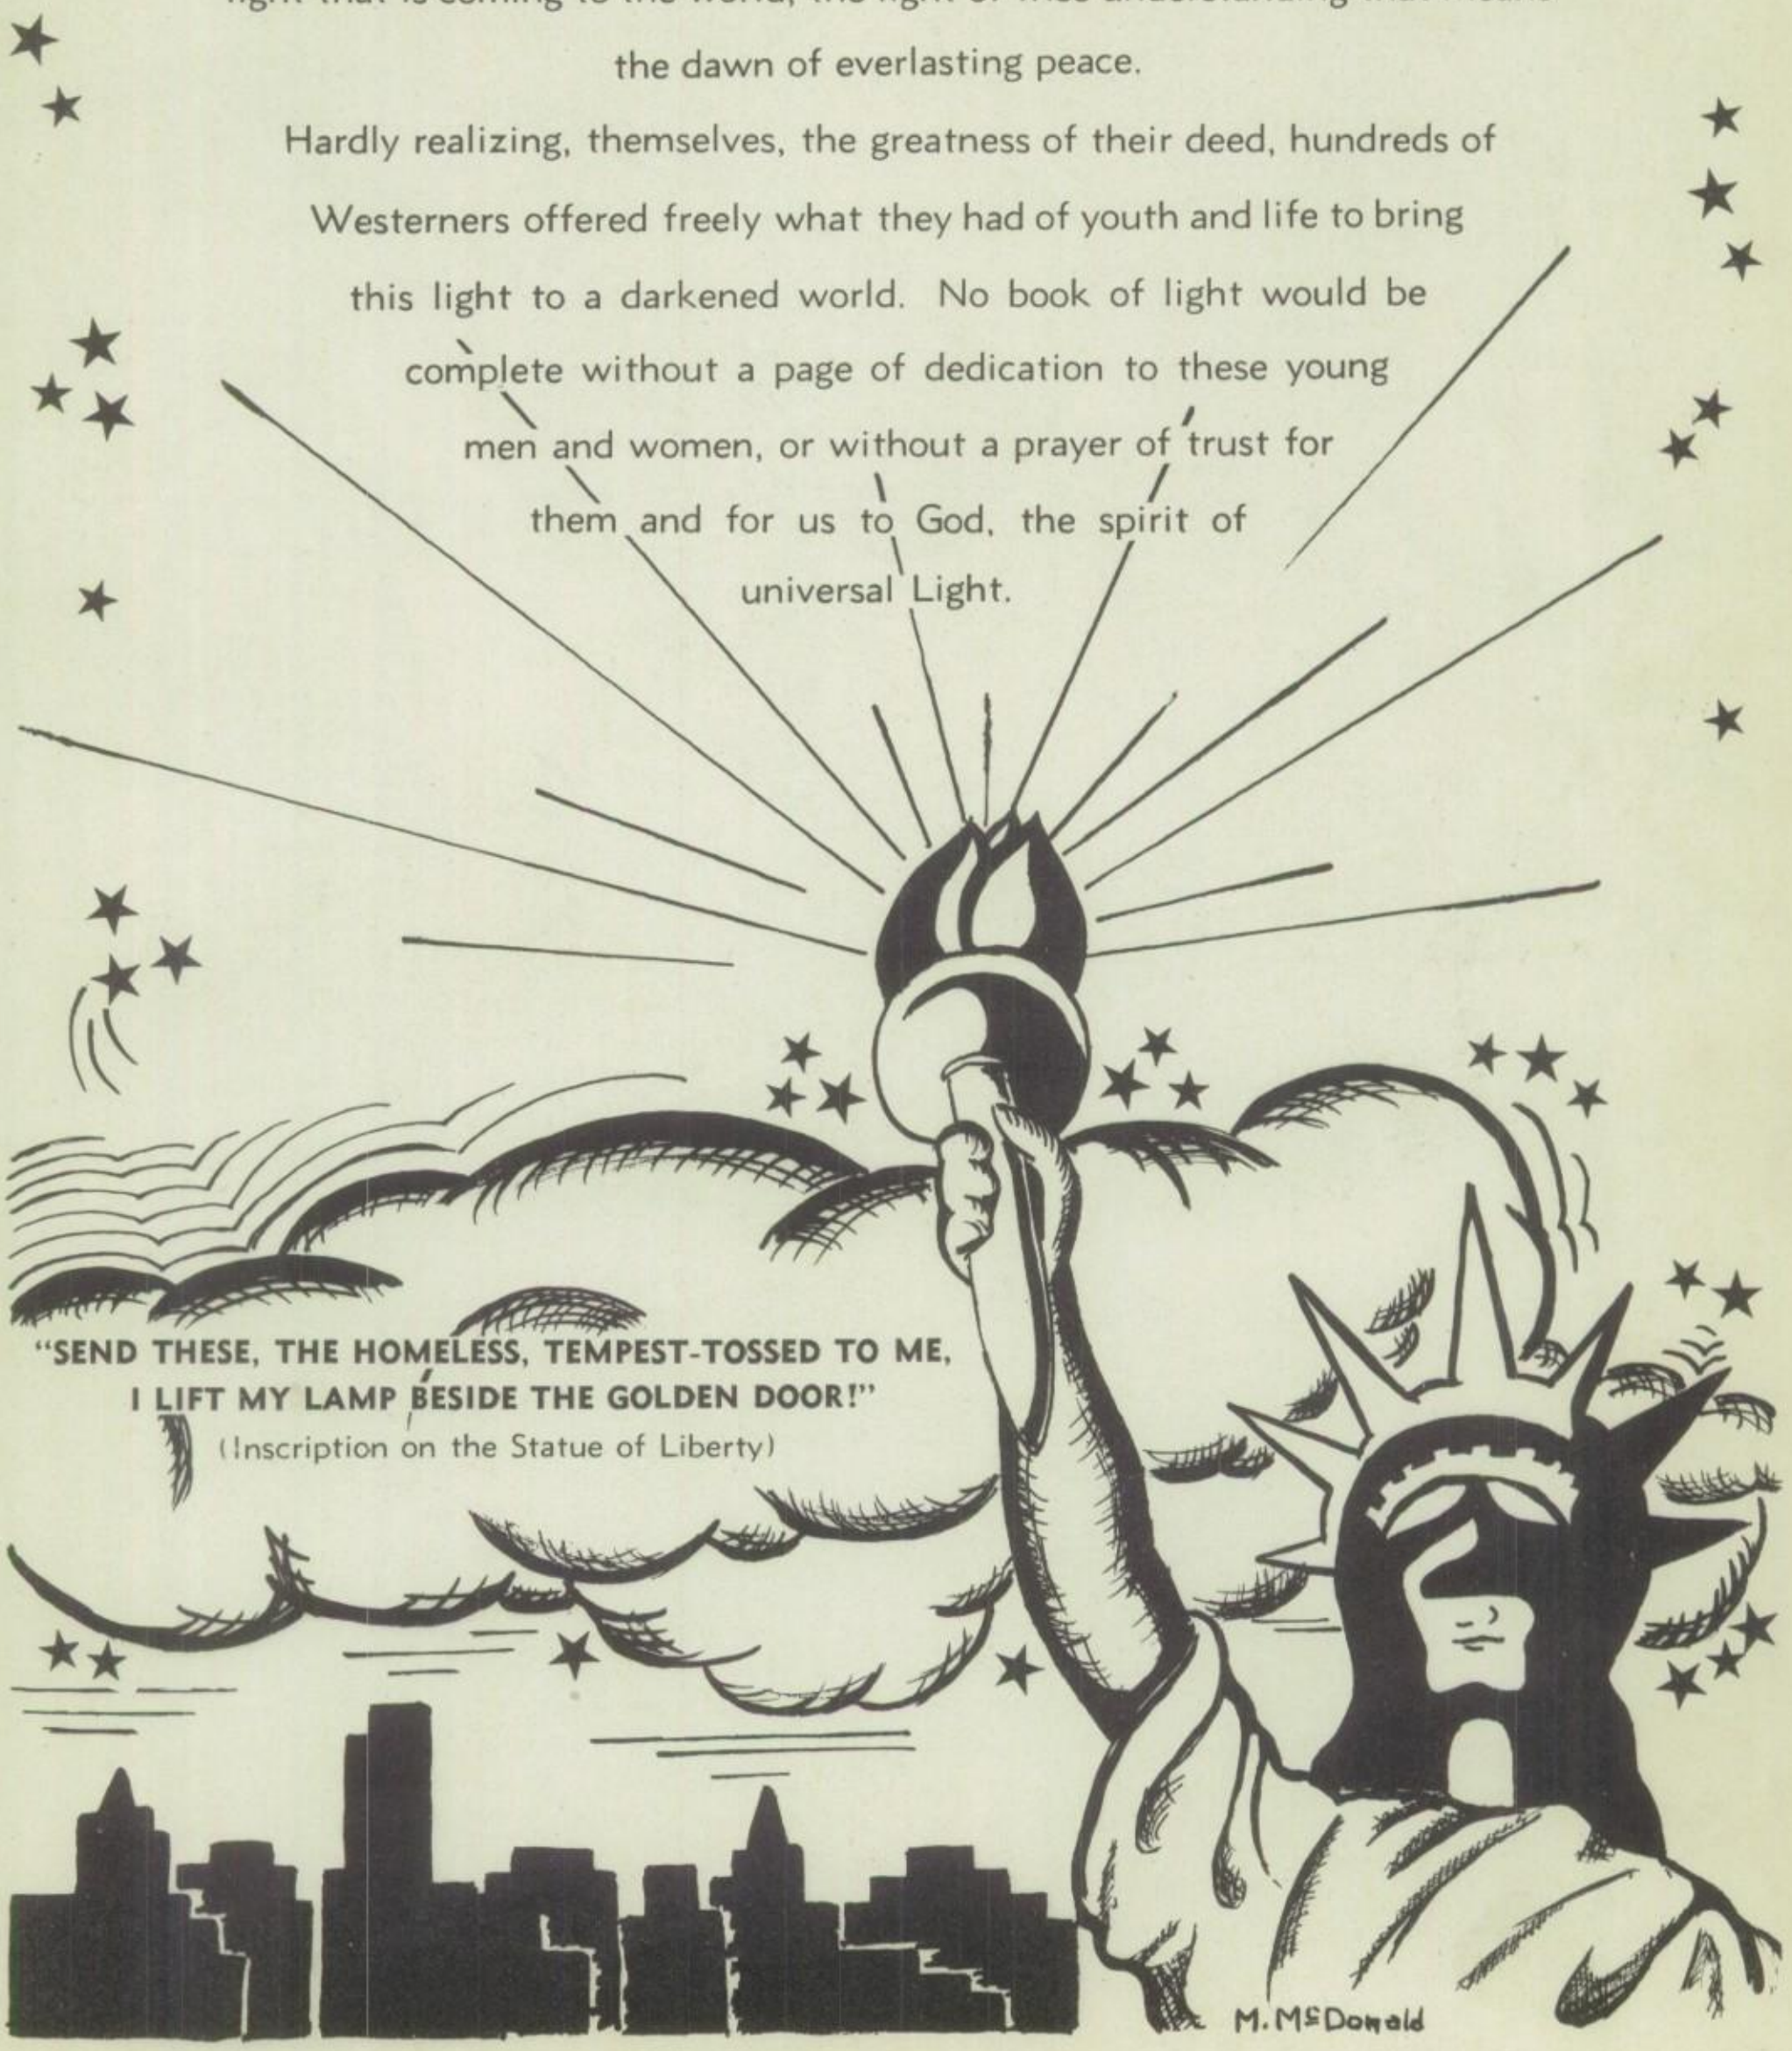
The Class of '46 is honored to dedicate its Annual to you,

MR. PIKE.

PEACE DEDICATION

When the lights came on again all over the world, and the floodlights once more streamed over the statue of liberty in New York harbor, they symbolized the light that is coming to the world, the light of wise understanding that means the dawn of everlasting peace.

Hardly realizing, themselves, the greatness of their deed, hundreds of Westerners offered freely what they had of youth and life to bring this light to a darkened world. No book of light would be complete without a page of dedication to these young men and women, or without a prayer of trust for them and for us to God, the spirit of universal Light.



"SEND THESE, THE HOMELESS, TEMPEST-TOSSED TO ME,
I LIFT MY LAMP BESIDE THE GOLDEN DOOR!"
(Inscription on the Statue of Liberty)

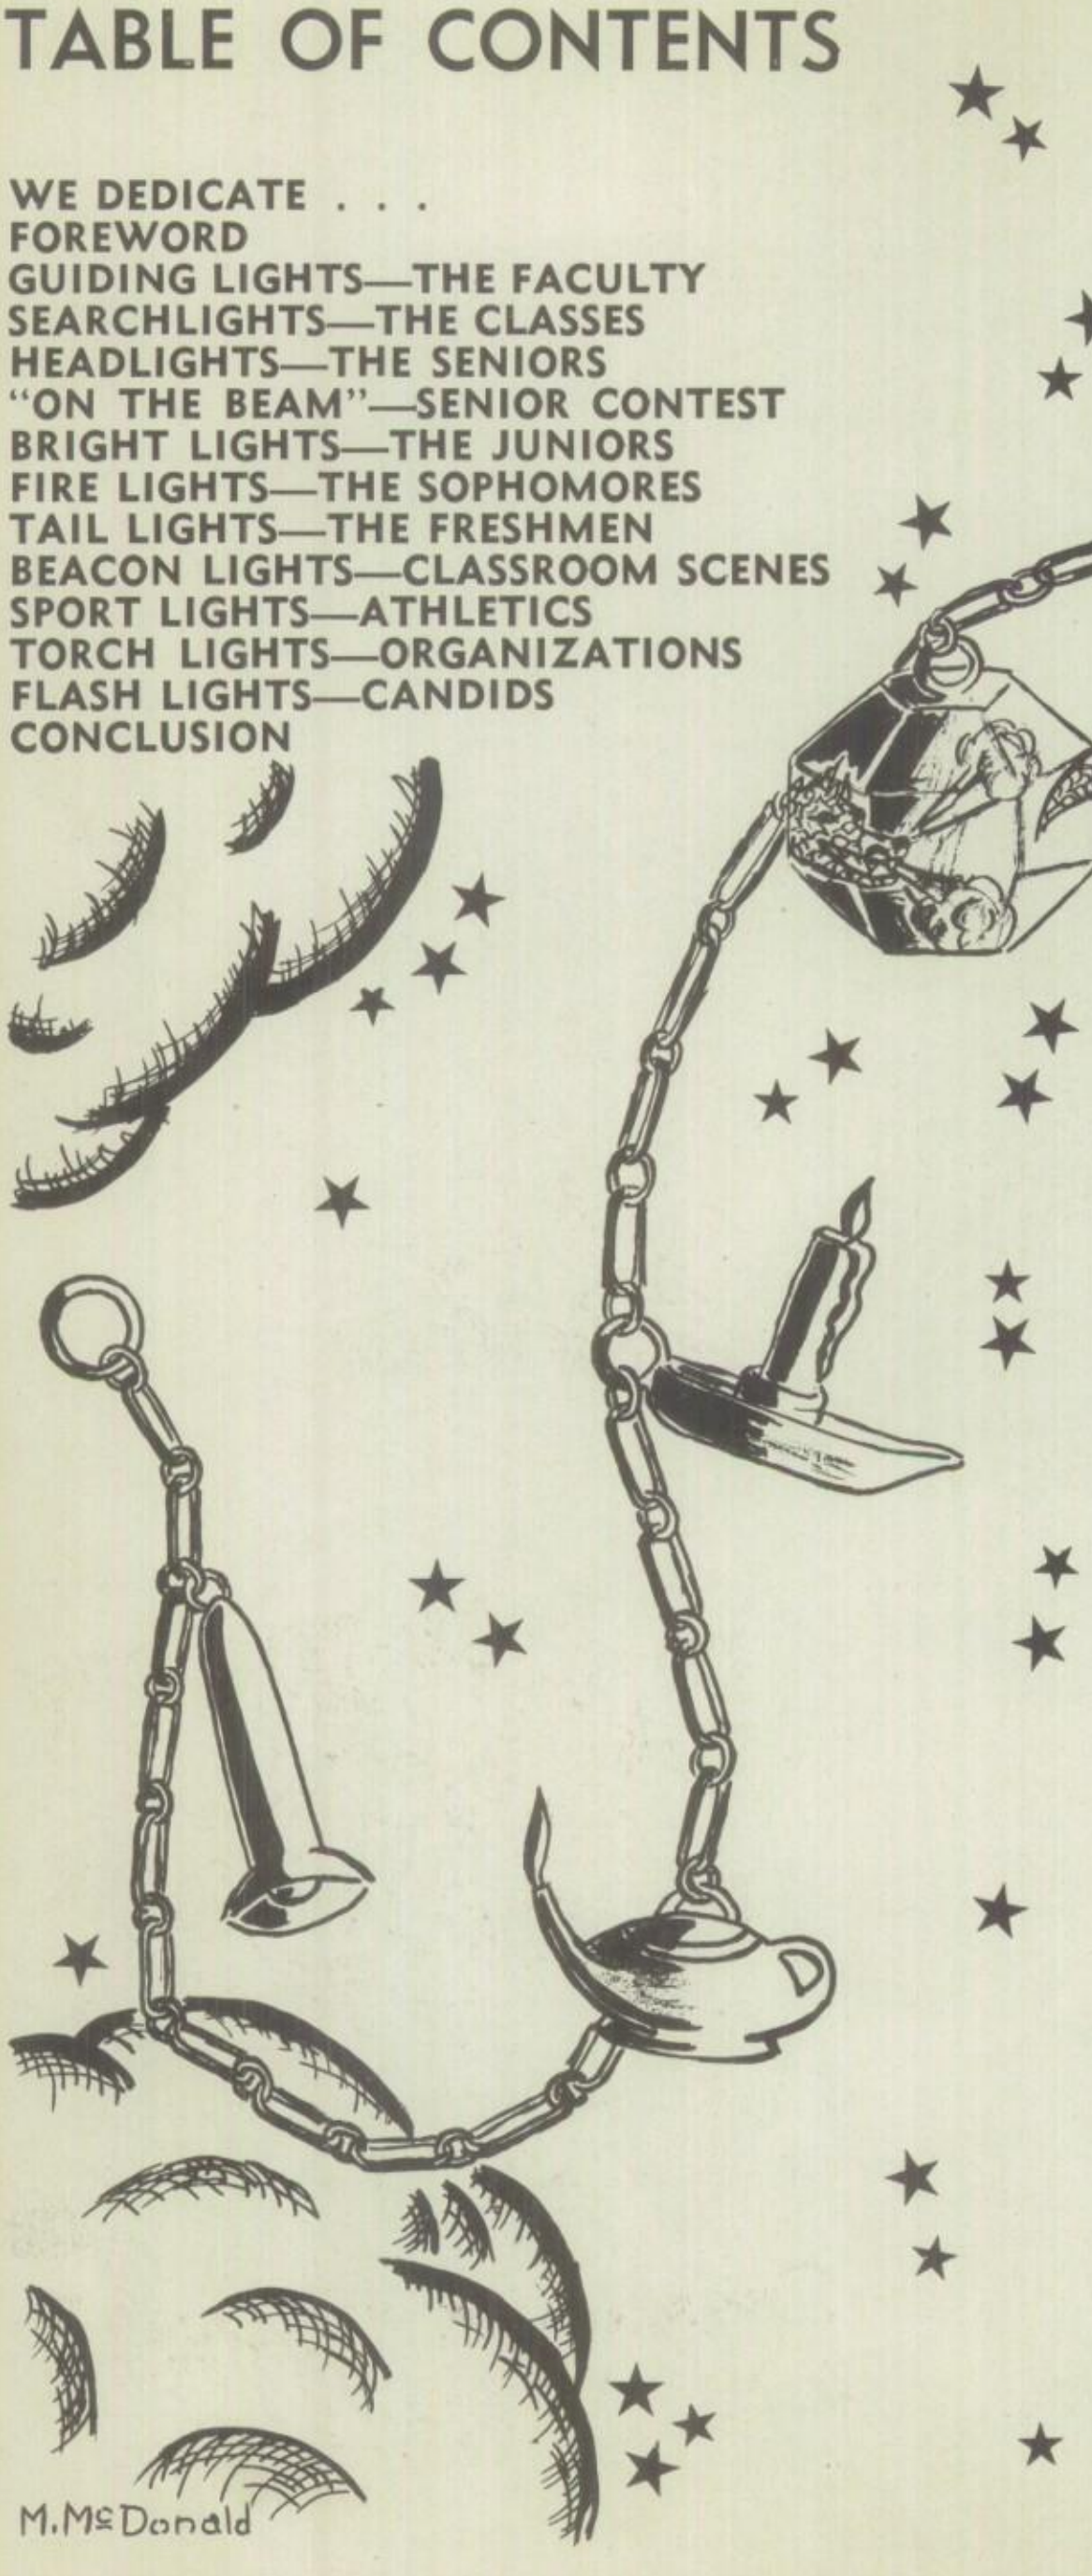
CONCLUSION



FOREWORD

Introducing the "LIGHTS OF '46". . . . From head lights to tail lights . . . they have all been set down on paper through the medium of words and pictures.

It is only natural that we associate West with the ever present scientific mystery called light. The more light one has, the clearer he can see, and our years in West have given us, we hope, a deeper insight into the present and a clearer vision for the future.

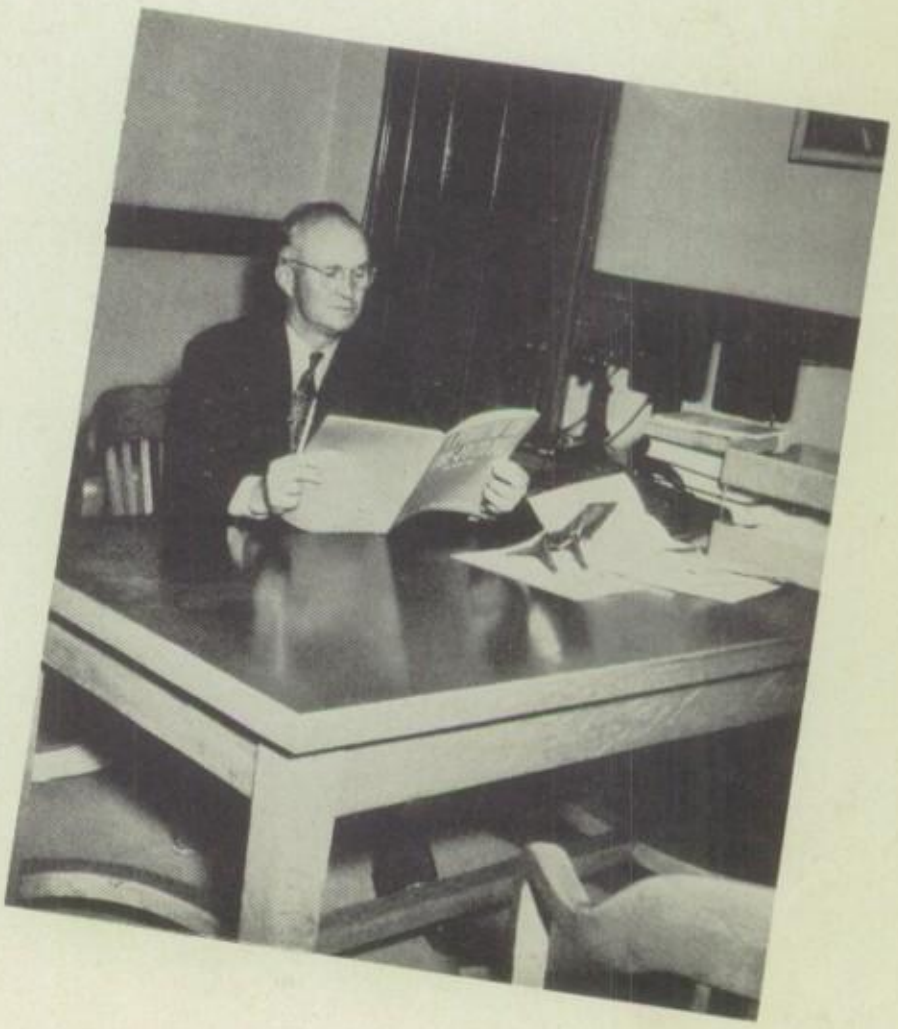
As you turn through the pages of this volume you are now holding, we hope that you, through recalling the past four years, will find satisfaction and happiness to light your way.

MR. SAM R. HILL
Principal

We will always remember Mr. Sam R. Hill as principal and friend, chiefly . . . his smiling face . . . his outdoor complexion . . . his dancing in the gym . . . his friendly advice . . . warning us about lunch periods . . . his addresses on the radio system . . . his original laugh . . . his jokes . . . his office . . . the privileges he has given us . . . privileges which we have enjoyed to the fullest

We know that West has been growing in stature; it has received recognition from all kinds of groups, all under the leadership of our principal. We realize that West would not be the school it is without the guidance that he has given it.

One of the nicest things in our lives is that we have known Mr. Sam R. Hill.



MR. WILFORD H. WOODY

Assistant Principal

Ordinary words can not describe the characteristics that belong to our assistant principal, Mr. Wilford Woody. Always busy, Mr. Woody takes part in a wide variety of activities. He plans the programs that fit together perfectly, or else drive somewhat sane students crazy. His familiar voice rings in most of the broadcasts of West's radio system, the staff of which he sponsors. He is responsible for a number of the laws which make for a well disciplined school.

Out of school Mr. Woody is known to football fans as the voice which gives significant comments on the games through the media of Hilltop stadium's loud speaker system.

Mr. Woody is a former basketball coach, and also an announcer over the City Auditor ium system during major basketball games.

Wilford H Woody

MRS. HILDEGARD S. SWEET

Dean of Girls

One of the friendliest persons in West is our dean of girls, Mrs. Hildegard Sweet. In addition to her friendliness is her willingness to help everyone, and every Westerner feels free to go to her for advice.

She has been helpful, not only to the girls at West, but also to many boys who have sought her advice.

Mrs. Sweet is agreeable and pleasant to everyone and during our stay in West she has lived up to her name, in more ways than one.

It can truly be said that Mrs. Sweet has been a Guiding Light to the Lights of '46, and we take this opportunity to thank you, Mrs. Sweet, friend of all.

GUIDING LIGHTS

FACULTY

The Guiding Lights of West are its faculty who served us as teachers and sponsors and whom we proudly claim as friends.

With their service discharge a number of our former teachers have returned to West. Resuming their former duties are Miss Dorothy McCreary, Mr. Norton Trustman and Mr. Ralph Easley, who were away serving in the armed forces. Miss Dorothy Alexander, who was also in the service, came back to her position with the office staff. From the Administration Building. Miss Evelyn Jones returned to teaching from an administrative position.

We regretted seeing four of our favorite teachers, Mr. David Welsh, Mrs. Mildred Jeffrey, Mrs. Lucille O'Dea and Mrs. Maxine Delmare leave West for other positions.

At the parting of our roads, we, the "Lights of '46" wish to express our thanks and to show our gratitude to our ever remembered "Guiding Lights."

"WE WILL ALWAYS REMEMBER YOU"

Mrs. Barbara Couden

Barbara L. Couden.
"Buenos recuerdos"

Miss Mabel Ruth Ford

Miss Lorena Hocking

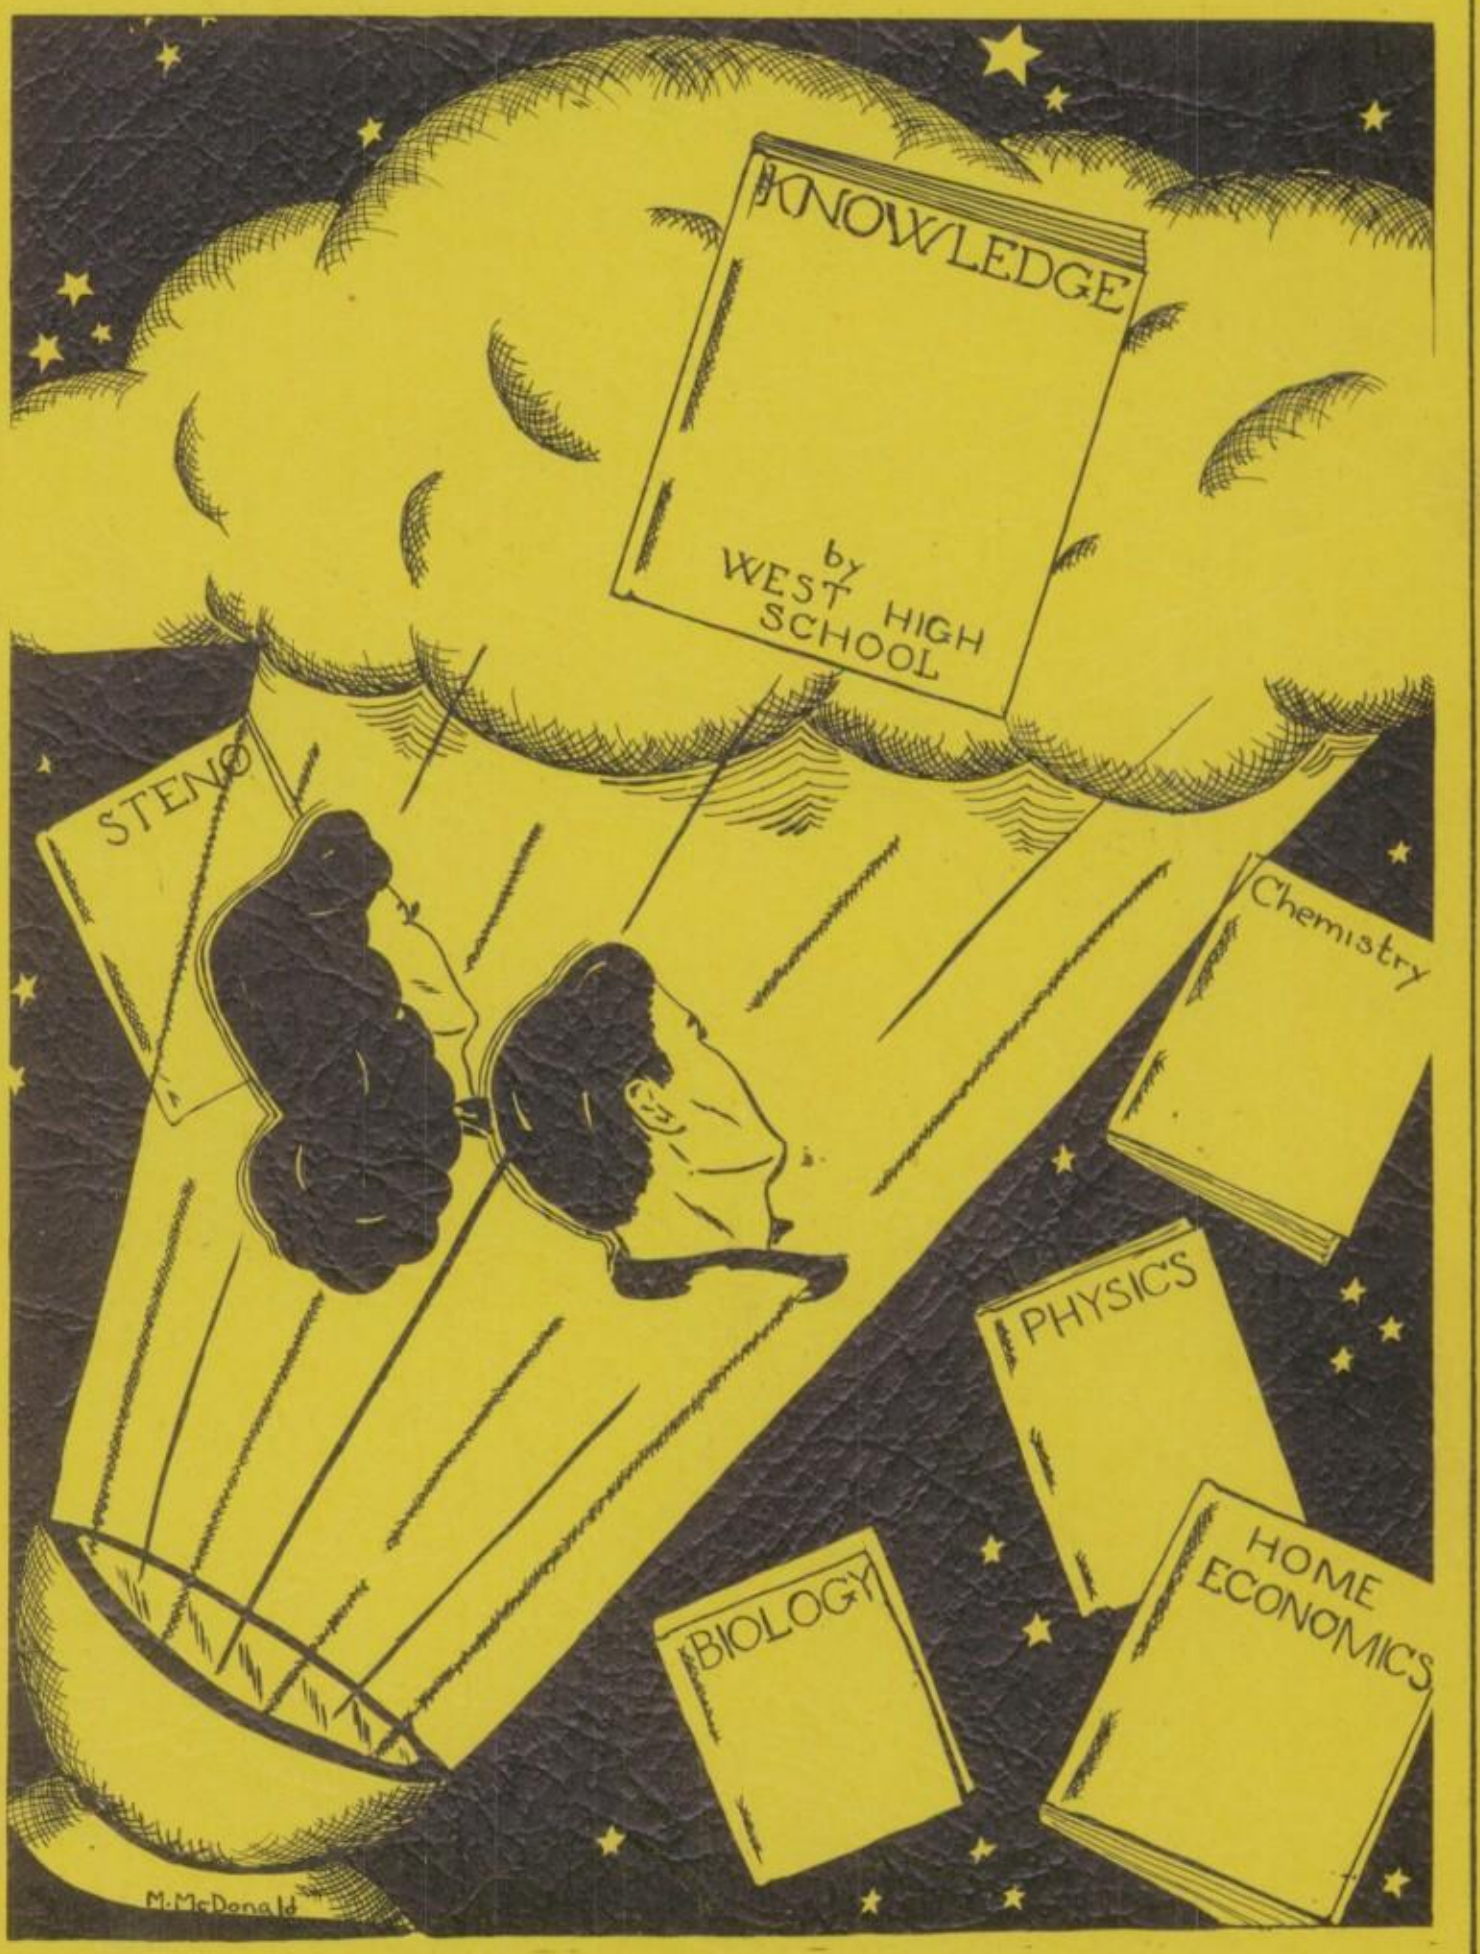
Our three beloved teachers, all of whom have taught in West for more than twenty-five years, will retire from teaching at the close of school in June.

The wish of the Annual Board was to express appreciation in behalf of the entire faculty and student body by dedicating one page to these three grand teachers, but we have honored their requests that no pictures and only a very modest space be allotted to them.

Mrs. Couden, Miss Ford, and Miss Hocking, we all feel deep gratitude for the years of friendship and association with you and wish you every happiness in the future.

To be "graduating" from West High School along with you, the members of the class of 1946, is the privilege of those of us who are retiring from the faculty in June. In the coming years, we like you shall be seeking new experience and new opportunities for usefulness in life. It is for each of us, in the words of Tennyson, "to strive, to seek, to find, and not to yield."

SEARCHLIGHTS



THE CLASSES

"UNITED WE STAND–DIVIDED WE FALL"

FIRST SEMESTER CLASS OFFICERS

Dorothy Hoglund

Head Girl

"Lovely to look at and nice to be with" is our first semester head girl, Dorothy Hoglund. Dot served on various committees, some of which are Inter - School Council, Finance and Assembly. If our lunchroom and hall conditions lagged, Dot was right there, doing everything possible to improve them. Dorothy, with her sweet and cordial manner, kept the friendship and admiration of all underclassmen as well as of Seniors.

BILL BURBANK

President

Our first semester Senior President was tall, lanky and we might add polite Bill Burbank. Bill is one of those boys who can be depended on at any time and anywhere that he is needed. In addition to being a very capable officer he served well on the football and basketball teams. During the years that Bill has been at West, he has made many friends both in athletics and in the sociel field.

MARY WISTCOX

Secretary

Witty and wise and everything nice is our secretary of the Senior Class, Mary Wistcox. We all agree that a more capable person than Mary could not have been found to do the task of keeping the books and minutes of our class. Mary is always ready to lend a helping hand in a most pleasant way and filled her position successfully.

MARIE McDONALD

Vice President

A super personality characterizes red-haired, good looking Marie McDonald, Vice President of the Senior Class. Marie, known for her ability to accomplish anything she starts, assisted the president in every possible way. There was nothing that was put before her which she could not undertake, and she managed both the work of the vice-presidency and one-half of the Annual art work with ease and speed.

JORENE GROVER

Treasurer

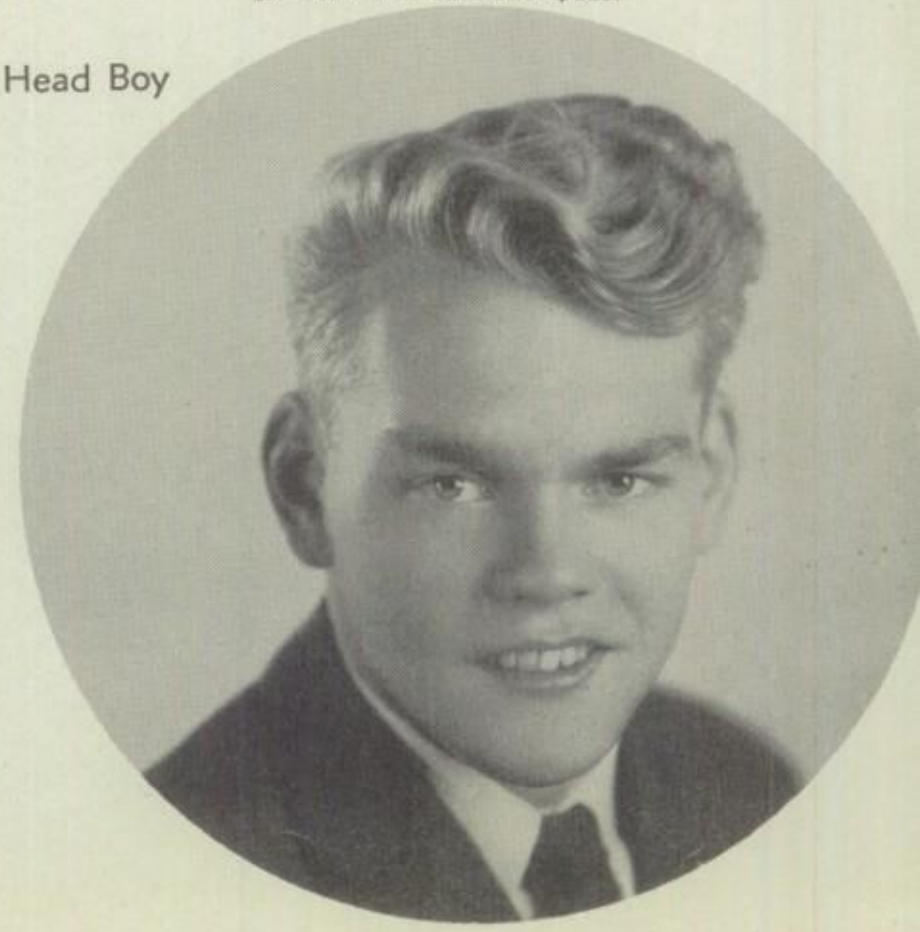
Honors to Jorene Grover for her keen interest in the Senior Class. Jorene was chosen treasurer of the Senior Class and has really helped to make it a success. She handled the job of collecting Senior dues in a capable way and we, the Lights of '46, wish to express our gratitude to Jorene for doing her work and doing it well.

Jack Rudey

Head Boy

Jack Rudey served West during the first semester as a capable and willing head boy. Not only outstanding as a leader, but a hustling back on the football squad and wrestling team was our shy and bashful Jack. As head boy, Jack had a real job to do, leadership to establish by example, and to promote the spirit of friendliness.

We are all proud of the work Jack has accomplished, especially since we list him as one of our newcomers to West High.



NICK GREGORY

President

Nick Gregory took over the job of being Senior president with the same sort of will and initiative that he used in handling the wide variety of other jobs that have been his. His friendly ways, his ever present originality, and his all around personality are just some of the things for which we will remember the second Senior president of the Class of '46.

Georgia Woelbing

Head Girl

Georgia Woelbing has never been known to slip up on the job; everyone who knows her, whether student or teacher, can testify to that. During the period that she has been at West, she has set her sights, kept to the line, and arrived at the target in the best of fashion.

Positions of leadership have been hers all along the road, and all of their responsibilities have been met in the right manner

SECOND SEMESTER

CLASS OFFICERS

FRANCES HICKS

Vice President

Vice presidents seldom do anything, so the job was an easy one to fill, but Frances Hicks found work to do and did even more than was demanded of her. An outstanding member of each of the many clubs which list her as a member, Frances lived up to the ideals which many aim for but few succeed in reaching.

JUNE BURKY

Secretary

June Burky is known by everyone as one of those who possesses the three V's—vim, vigor, and vitality. Giggling her way through thick and thin, June has been one of the secretaries who are different—just different; she is the kind of person that says hello to those she knows on days when elections aren't held.

Head Boy

Bruce Earhart

Great efforts directed in the right places usually mean success, and in Bruce Earhart's case there was no exception to the rule. Ever since coming to West, Bruce has followed the trail that has led to the highest position in the school—head boy. The run of the mill type of person never climbs that high.

Rounding out a school career of leadership and citizenship combined with other favorable virtues, Bruce has set the pace for those to follow.

SHIRLEY STEPHENSON

Treasurer

Talent, personality, and a friendly attitude are mixed together in the right proportions by Shirley Stephenson, who sang her way into the office of treasurer one election morning. Shirley must be mad about money, because she has held the position of treasurer in more than one of the school clubs.

SENIOR CLASS

WE THE SENIORS are searching out the right path from among the many to be followed. It is a long and hard job, but the seniors have had a lot of fun along the way, as well as their share of good hard work. There are many events that are only memories now . . . parties and proms . . . plays and assemblies . . . lunches and dances . . . classes and homework . . . music and mirth . . . football games and noisy street cars . . . basketball games and snowy nights . . . teachers and tortures . . . Friday nights at the canteens . . . ditching school . . . reading the Rodeo . . . walking in the halls . . . opening our Annuals for the first time . . . all are memories which will fade but not disappear entirely.

Though our high school years are now only memories we still have the future to which we look forward. We have built the foundation; now comes the building, and the whole structure will depend largely upon the architectural plan designed during our years

Turning notes, of assorted shapes, sizes and values, into living things of beauty is an easy job for Carol King, who can toss off a sparkling number with greater ease than we toss off these words on a typewriter.

Helping out Mr. Oliver Gushee and Mr. Earlburt Pike, accompanying singers, from sopranos to basses, and playing solos on her own; Carol has heard playing and singing at assemblies in every Denver High School and in numerous other places.

Seymour Austin is always pleasantly blundering his way through life, classes, and other bits of business. And he usually succeeds. His picture appears on this page, as the high senior salesman of student tickets. That means something for he had plenty of stiff competition. Known for his wit and joviality, Seymour never loses his temper, but keeps on an even keel though things are sometimes stormy.

THE SENIOR COUNCIL

Elected by their classmates, the senior council includes the senior officers, and subordinates who hold no title. Their object is to serve the senior class by promoting class projects, and keeping West High on the very top.

Whether it is a party or a prom, an assembly or a play, everything that comes up is handled with that distinct, crisp, and sparkling manner that belongs to the council of the class of '46.

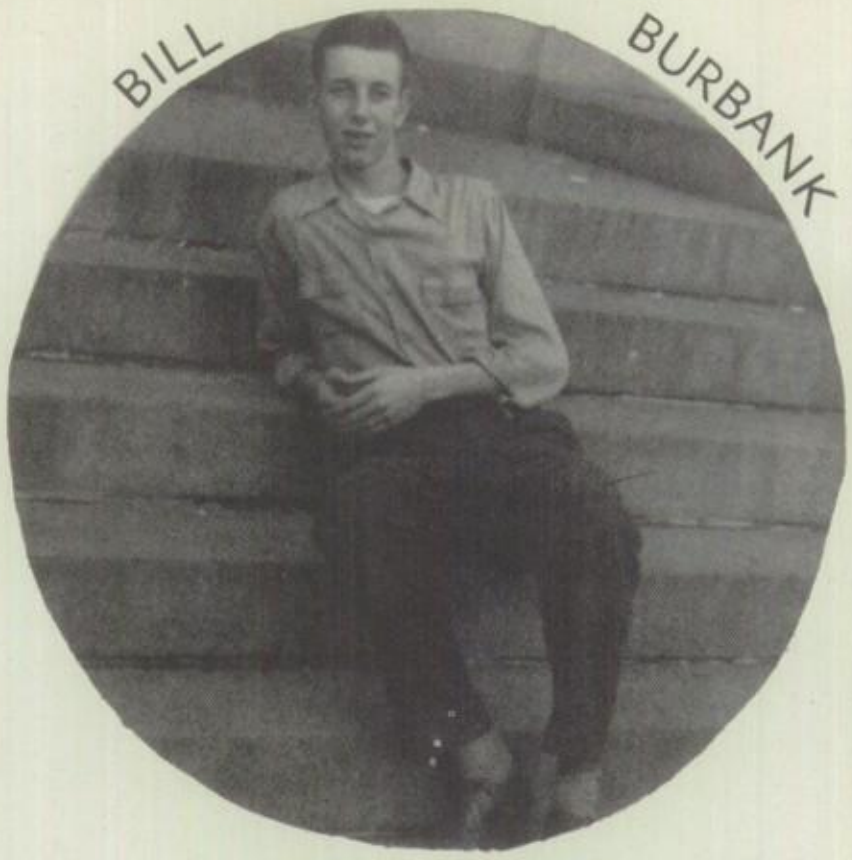
ROW TWO: Jeanne Wahlberg, Bruce Earhart, Betty Dolsby, Byron Little, Rosemary Garramonne.

ROW ONE: Nick Gregory, Marie McDonald, Vice President; Jorene Grover, Treasurer; Harry Fleshman, Mary Wistcox, Secretary; Carol King, Bill Keith.

COUNCIL MEMBERS NOT APPEARING IN PHOTOGRAPH:

Bill Burbank, President; Edward Mallory, Eugene Padon, Junior Walker, and Norma Wilson.

BILL BURBANK



For a very obvious reason Bill Burbank is always easy to spot, whether it is on the gridiron, on the basketball court, on the baseball diamond—or in the halls of West High. Since he is so easy to spot, those in need of his abilities never have any trouble in finding him.

Outstanding senior athletic scholar of the year, Bill was also an outstanding senior president, and a fellow to be remembered.

Henrietta Ortega could have been named Service, because of all the service that she has given to so many of the many groups that make up West High School, promoting good relations and better feelings all around.

She is an active member of the Spanish Club, a go-getting Rustler, a buzzing Rodeo reporter and Exchange editor, and one half of the manuscript department of this Annual.

With more like "Hank," no doubt this school would be a better place.

"ON THE BEAM"

SENIOR PERSONALITY CONTEST

Themes for Senior Contests have been a matter of lengthy consideration to the Annual Board, and this year certainly was no exception. We thought, thought, and thought some more for a suitable name to use to best describe our traditional Senior personality contest, but to no avail because we thought that they had all been used before.

We were ready to give up hope, we were at our dead-end, we were desperate, when suddenly, out of a clear sky someone suggested "Magazine Titles." The idea was a dilly, a new and different one; it had not been used in previous annuals, so we grasped and held on to it. The ones recognized on the following pages were the ones decided upon to best fit our Senior Personalities.

The Junior Class is now all set to take over the job of leading the school, and carrying West on to new heights. It will fill the places of honor that once were occupied by us who are leaving the school. Its duty is to add some things to West that will make it a better place to live and work in, as we seniors have tried to do and have in some measure succeeded.

The Juniors have had their eyes on the Seniors' privileges for a long time; now that they almost have them, it kinda' makes us wish we were still around. Maybe our stretch should have been a little longer.

The Sophomore Class was one of unusual interest this year. It was also the largest in the school. They lost their shyness and really got on the ball where school activities were concerned.

These "Firelights," six hundred of them, have created a positive glare on the highway as they passed. Fun and laughter, life and enthusiasm characterize this class.

Their party which was held March first, and their successful assembly on May first, proved to everyone that they can accomplish most anything.

ROW TWO: Dick Jones, Frances Kline, Kenneth Reish.

The Council of the Class of '48 is no different than any of the councils that have been elected by any other of the classes that have ever been an integral part of the makings of West High. The sophs have had competent leaders in the council and its officers, who have done their job in true West High tradition.

They are warmed up now, and before they know it they will be traveling down the home stretch. Time flies at West High; they will soon discover that things really pick up when you arrive at the home stretch.

FRESHMEN CLASS

TAIL LIGHTS

The "Taillights" are a big part of our school, mainly because they will be the next ones to carry on the work of upholding the high standards of West after the "Headlights of '46," "The Bright Lights of '47," and the "Firelights of '48" have completed their job.

These Freshies chose capable officers to manage the affairs of the class and the results of their party and assembly proved that they are well on the road to become real leaders.

The autumn leaves turn gold and fall in spiraling paths to the ground. The sun sets a little earlier, in colors that are a little brighter. The air is crisper, because it is fall, and fall means football games.

We sit in the stands on the edge of the wooden benches and watch our gallant team, clad in their orange and black, battle the gridiron representatives of the four other high schools. We watch the lightest line in the league crash through the heaviest and note with a good deal of pleasure that our crack linemen

spend more time on the enemy side of the scrimmage than their opponents do on ours. Our backfield boys rate high in passing, and while they are not too high on speed, they still manage to put one over on the enemy every time. Only two victories this year, both of them over Manual, but both were stirring ones. When the Cowboys pile up a score they go after it in a big way.

BASKET

This year's basketball season was not ordinary—out of this world, so to speak. South, slated to end up near the bottom, tied for the top spot. Highly touted Manual wound up third, and felt lucky to do that well. Upsets were frequent; teams were hot one night, and ice cold the next. Fans didn't know what to expect.

The Cowboys provided their share of sheer suspense in eight thrilling matches; they won only one, but showed up well in all of their hardwood meets. The better the team, the greater the fight the Cowpunchers showed.

BALL

Coach Gaston Santi worked with only twelve men this year, because he felt that he could get more out of a small, talented group. All twelve lettered, and all did their part on the hardwood.

Next year West will have a nice group of returning lettermen who will really spark up a team that will be championship bound. The Cowpuncher second team this year won most of its games, and since most second team men are juniors, fans should not have much trouble in drawing the conclusion that prospects next year are really going to be good.

A tense crowd was always present, whenever the West wrestlers met an opponent. The most exciting of sports, whestling demands great physical condition, quick thinking, and good sportsmanship on the part of every man. This year's team met all of the requirements.

Though it too some time for the boys to warm up, they finally hit their stride and showed what they really were capable of doing. The team came in fourth in the city standings.

West led the way through most of the State Tourney; they were far ahead of North which finally recaptured the title, and would have won in the end if fewer men had dropped out in the semi-finals.

SOPHOMORE FOOTBALL

The sophomore football squad handled the ball nicely this year, losing one of the four games that made up the season, placing second only to Manual in the league standings. East, who took the varsity crown, came in last in the sophomore bracket. Coached by Mr. George Heywood, the sophs had a strong line, some swell passers, and plenty of material to bolster up the varsity team next year.

Against great odds, the Cowboy netmen, coached by Mr. Richard Hotton, played eight great matches, but were defeated in all of them. Playing each school twice, they did their stuff on Friday evenings and Saturday mornings for four weeks. North High took the crown, but it was a close race nevertheless. Most of the team will be back next year, full of the eagerness and power to do better.

SOPHOMORE BASKETBALL

Starting the season with a victory over the Vikings, West's Sophomore quintet kept up the pace as far as playing good games was concerned, even though they won no more games during the season.

The margin at the end of the games was usually close, many times being within one or two points. Placing the accept on passing and good team play, the Sophs played clean games in fine style.

ROW ONE: Edward Grauer, Bill Newell, Jim Bailey, Ed Rivera, Bob Sage, Captain; Norman Dackman, Tony Zamora, Bob Baumgart, Don Burngardt.

Indulging in one of the keenest of pleasures, the swimming team at least had fun, even though they did not win any of their meets. Swimming meets were held at the City Bath House on Saturday mornings.

Though a number of lettermen returned to school, few of them went out for the team. As a result this year's squad was composed largely of swimmers who lacked the needed experience. Most of the members will be back next year, and then West will stand a good chance of climbing out of the swimming cellar.

Phil Ward, Mr. Richard Hotton, Coach; Matt Ward.

Phil and Matt Ward were named co-captains of the golf team.

They certainly deserve this honor for supporting the team until the bitter end.

The boys who won the championship on the green in '44 wound up in last place in '45, due to a terrific manpower shortage. Coach Richard Hotton just did not have the material to work with. Though a fair number of candidates started the season, only two were left at the end of the four weeks of matches.

BASEBALL '45

Baseball '45 was not an outstanding season, looked at from any school's viewpoint; North, as has been its sad habit for the last few years, took the top position. The West diamondeers wound up in the cellar.

Merchant's Park was the topic of discussion in sport circles, and because it was condemned at the time, the prep teams had to play on the City Park race track diamond. The fans still came, and though they had to stand, got their woney's worth—since the games were free to everyone.

TRACK '45

Co-Captain Bruce Earhart does not appear in photograph.

The track team last year was a capable group. Coached by Mr. Ernie Rossi, the team unceremoniously wound up in last place, but nevertheless they showed up well in all the various events. If teams were rated by effort these boys would have scored pretty high; the gimmick comes in because most teams are not rated by effort.

Like the baseball squad, the track boys had the weather to battle in addition to the usual hindrances.

ROW TWO: Coach Ernie Rossi, Robert LeProwse, Raymond Hamm, Kenneth Owens, Bob Pittman, LeRoy Dan, Norman Dennis, Darrel Reid, Jack Dennison, Jim Trippy, Don Holzer, Vernon Thomas, Coach Gaston Santi.

SPORTS

GIRLS' SPORTS

This year as in every year, West High girls have participated in all types of sports and again there has been a great deal of competition among the various teams.

The girls participating not only have fun, but also earn points for which they receive awards. The major sports include speedball, volleyball, basketball, and softball, and the minor sports are swimming, stunts, tennis, badminton, track and field events, archery, table tennis, shuffleboard and horseshoes. Points may also be earned by doing the following individual sports outside of school: Ice and roller skating, bowling, bicycling, hiking, skiing and horseback riding.

Those who take part in any of the above mentioned sports will, if they enter as sophomores, receive their Big "D" after earning 750 points. If they enter as freshmen they must earn 1000 points in order to receive the Big "D" award. In either case 250 extra points are needed before they receive their gold "D" pins. A star is given for each 100 points earned beyond the gold "D"

Thirteen times a year, the Rodeo comes out, pleasing or displeasing expectant students . . . to the relief of the editor and staff.

Each copy's four pages are packed with news, features, gossip, sport notes, and bits of editorial advice, which have somehow gotten past the censor.

The staff is a varied group, composed of all sorts of people who have one thing in common—doing good work. Deadline day at the Rodeo Office is marked by yelling . . . screaming . . . miscellaneous moans . . . failing hearts . . . strewn paper . . . misplaced copy . . . general chaos . . . and parades to the typing rooms.

Much of the credit for the success of the Rodeo is due to its understanding sponsor, Miss Lorena Hocking, who always manages to keep calm and assemble the copy, the thoughts, and the many reporters that have worked on West's papers these past years.

ANNUAL

After four years of anxiety among the members of West over the uncertainty of the future and the probable demands of war, the Annual Board of 1946 was able to enter on a year of peacetime endeavor and achievement. Not one of its members had to leave midway in the year to answer the call of his country and all have worked throughout the entire year.

We wish to express our thanks to our smiling, gracious, dearly beloved spon-

R. O.

This year the Reserve Officers Training Corps of the Denver High Schools has come under the jurisdiction of a new professor of Military Science and Tactics, Lieutenant Colonel Paul Dickson, who has already pepped up the R.O.T.C. program.

Colonel Dickson has changed the strict military setup to one that has more extra events, and has modified the two-year contract so that if a cadet is dissatisfied and can prove to the Colonel that he has good reasons he may resign from the Corps.

In charge of the West High battalion is Staff Sergeant H. C. Lanphere, who has been serving in the capacity of Military Unit Instructor.

T. C.

In all of the Denver high schools honorary officers have been elected; at West, Betty Dolsby is honorary Lieut.-Colonel, and Jane Sibley is honorary Captain.

Cadets have seen movies that have made their classroom work easier. They have learned the fundamentals of drill, marching in Sunken Gardens' pool. They have toted rifles in parades and inspections. They have learned how to shoot and have won medals as a reward of efficiency.

All in all the R.O.T.C. program is an interesting one, and yet things are being planned that will make it more so.

SCHOLARSHIP—CITIZENSHIP—LEADERSHIP—SERVICE

ELIZABETH BABCOCK
Faculty Sponsor

The National Honor Society is one of the highest peaks that can be attained in a high school career. Students who are scholastically-minded are always a bit on edge when the biennial tapping comes around.

Their minds are not put at ease by the fact that they have to meet four other requirements. The first in scholarship; members have to be in the upper ten per cent of the class. Good citizenship, another requirement, is a must. Service to the school, leadship, and initiative also count.

The Club itself doesn't do very much; the nice thing about it is merely the fact that it is an honor to be a member — a feather in one's cap so to speak.

Besides doing their best for West the members were also right on hand playing for Denver University games.

ORCHESTRA

One of the organizations that can always be counted on to represent West is the Orchestra, under the direction of Mr. Earlburt Pike. The Orchestra always made an unforgettable and colorful appearance and this year was no exception.

"WHO ARE MORE BUSY THAN THOSE WHO HAVE THE MOST TO DO."

What would classes be without sidelights, and what would sidelights be without highlights. The Audio-Visual Aids Club provides sidelights and highlights, in the form of education and entertainment in classes and assemblies—mostly classes.

The Club maintains and operates our movie projecting equipment, recording apparatus, and is always at the command of teachers who desire different delights for their classes. Under the sponsorship of Mr. Robert Thibodeau the group is one of the added attractions that make some of our classes things of beauty—if not always joys forever.

This club sponsors sports activities that girls enjoy and that they would not do alone, such as entertain other Sports Clubs, invite alumni members back for an evening of sports, have a co-ed party night, and go to the other schools for playday.

Eligible members are voted in by the older members of the Club and a big event of the year is the initiation chili supper.
